

FREE STANDING AWNINGS

SERIES 265

This is a heavy duty awning system, and as the name suggests it is freestanding and allows you to cover a large fully exposed area. The maximum length is 5.98 metres and 2.5 metres on each side of a central beam making a total protected area of 30 square metres.

This free standing awning is ideal for beer gardens, swimming pools, tennis courts and café areas. The awning closes into a cassette holder and is fully protected when not in use. The system can be motorised or manually operated.
